

Who are we?

WorkSpace Europe is a consortium of 11 Slovak universities and the 1st and currently the only Slovak higher education mobility consortium for Erasmus+ traineeships accredited by European Commission.

We specialize in providing international experience for fresh graduates of Slovak universities through their placement in companies and organizations abroad for Erasmus traineeships where they have the opportunity to gain international work experience to start their professional career.

We offer to employers in EU countries the access to young talented graduates of Slovak universities from a wide range of specializations according to their needs.

What can we offer you?

We offer you an opportunity to receive Slovak students and recent university graduates from various fields for a "full time" 3 month unpaid work placements.

We take care of selection process according to your needs in regards to their specialization and language skills and oversee the administrative procedures in line with Erasmus+ programme.

Our aim is that the trainees are the greatest benefit and the least load for you.

Why take a Slovak Erasmus trainee?

- We provide you with students and graduates in the fields according to your needs from 11 universities of our consortium.
- Our students have good level of foreign languages, mainly English, German, French and Spanish.
- Erasmus trainees are cost-effective human resource thanks to EU financial support we provide them with. You do not have to pay them a salary.
- No employment agenda, trainees do not become your employees during the traineeship period.
- We stay in assistance to trainees and your organization during the whole placement period.
- Trainees will instead of many years of practical experience offer enthusiasm, commitment and desire to achieve the best in every given opportunity. They may bring you new ideas and fresh approach. Slovak trainees can be a great help with research or communication with CEE region. Traineeship can also be an effective way of obtaining a new perspective employee.

Are you interested in a Slovak trainee?

1. Please send us a job description along with the requirements for candidates.
2. We will carry out the recruiting at our partner universities and introduce you the most suitable candidates.
3. You can run phone/skype interview with the selected candidates if needed.
4. We will proceed to the administration part only after your final acceptance of selected candidate.
